

RENO-TAHOE, NEVADA

Tue. May 2, Wed. May 3, Thu. May 4 (1/2 day)

#GSMCON 2023

8TH ANNUAL GOVERNMENT SOCIAL MEDIA CONFERENCE

Worth the Investment

GSMCON is the best learning experience for people who work in government social media. Attendees, both online and in person, will learn practical skills for managing public sector social media, problem solve challenges together and will have unparalleled opportunities to network with fellow agencies across the country.

Meet the Social Networks

Major social networks typically participate at GSMCON by delivering keynote remarks, hosting breakout sessions, arranging focus groups and holding booth hours to answer attendee questions in our Expo Area. Past GSMCONs have featured representatives from Facebook, Twitter, Snapchat, Nextdoor, LinkedIn, TikTok and more!

Who Should Attend GSMCON

Social media coordinators, communicators, elected officials, marketers, law enforcement, emergency managers – everyone from agency leadership to the occasional social media contributor.

Why Reno-Tahoe?

The Biggest Little City was rated #1 out of several potential locations in our survey of past conference attendees! At the Grand Sierra Resort, attendees have many options for after hours activities like the on-site movie theater, arcade or bowling alley, or can take a quick trip to Reno's Midtown District for farm-to-table restaurants, live music and boutique shops. We're also excited to offer a complimentary shuttle service to Lake Tahoe on Tuesday evening!
